

Des Nedhe DEVELOPMENT

POSITION: Controller and Director of Finance

POSITION OVERVIEW: Des Nedhe Development is a vibrant, tier one First Nation economic development corporation which is seeking a Director of Finance to join our organization. Des Nedhe has a strong portfolio of current projects and opportunities across a number of sectors. Reporting to the CEO, the successful candidate will oversee a team of professionals delivering financial/accounting services for the Des Nedhe Group of Companies.

RESPONSIBILITIES INCLUDE:

- Provide vision, leadership, and project coordination for development of a cost effective Finance Department, while facilitating efficient operations to meet current and future financial needs
- Supervise, support, and provide direction to members of the financial team
- Provide support and guidance to the leadership team regarding financial operations and direct corporate financial planning
- Analyze financials and implement recommendations based on the findings with the most profitable outcomes
- Report and review financials, including month and year-end financial statements
- Review accounts payable and accounts receivable to ensure accuracy
- Ensure compliance with statutory/legislative requirements and generally accepted accounting principles
- Prepare project forecasts as required
- Prepare variance reports
- Design and implement accounting programs and accounting framework
- Prepare and review departmental budgets with assistance from Department Heads
- Manage cash flows and prepare cash flow forecasts
- Manage the processes regarding capital assets, debt, equity, taxation, disposals, and acquisitions
- Maintain key reporting relationships for Banking and External Audit Functions

OUR MISSION:

To own and operate an integrated and profitable business portfolio that builds on the qualities and strengths of our team and the needs of our business partners and customers.

Des Nedhe DEVELOPMENT

OUR MISSION:

To own and operate an integrated and profitable business portfolio that builds on the qualities and strengths of our team and the needs of our business partners and customers.

QUALIFICATIONS REQUIRED:

- 7-10+ years of practical accounting experience with increasing responsibility
- A CPA designation
- Proficiency in accounting applications, and supervisory skills
- Exceptional communication skills
- Ability to work under pressure and tight deadlines
- An accounting background with Joint Ventures, Limited Partnerships, and Construction Project Management is preferred
- A working knowledge of corporate taxation structure for First Nations corporations is considered an asset

We encourage qualified First Nation candidates to apply for this position.

We thank all candidates for their interest, however, only those selected for an interview will be contacted.
