POSITION: Project Manager

POSITION OVERVIEW: Tron is looking for a Project Manager to join our team. This individual will lead company construction, engineering and /or performance contracting projects according to contract documents and will coordinate appropriate information flow to ensure smooth operation of the project from start to finish, along with other duties as required.

RESPONSIBILITIES INCLUDE:

- Preparing project schedules
- Review project plans and specifications and comment on the design, scheduling, possible cost savings measures and potential construction problems
- Ensure all company, client and project policies, procedures, standards, etc., are adhered to
- Have confidence in own ability to intelligently communicate with team and client as well as effectively lead the trades
- Manage and coordinate safety and quality effort for the project, utilizing safety and QC resources appropriately
- Monitor and maintain the project construction schedule on a daily basis
- Control and monitor labour, material and equipment expenses
- Identify changes in scope or differing conditions and secure appropriate change orders for project cost and time
- Ensure all required inspections are performed
- Prepare and expedite project deficiency lists

QUALIFICATIONS REQUIRED:

- A B.Sc. in Engineering or Journeyman ticket (Red Seal is a must for out of province applicants)
- Previous experience in a Project Management role
- Experience with estimation and/or as a Project Coordinator is an asset
- P. Eng is an asset
- PMP designation is an asset

We encourage qualified First Nation candidates to apply for this position.

We thank all candidates for their interest, however, only those selected for an interview will be contacted. Please note that this position may be filled prior to the closing date.

CLOSING DATE: September 20, 2018
